      - Gust of wind spell

    - Greatsword +1 (**Dunowhere**)
      - Bulky and decorated with precise geometric figures. It is marked with a holy symbol
    - Longsword of Warning (**Pope**)
    - Fine Wine (2 Bottles, magic because it gets you drunk!, **FiZi** took it)
  - **Terry** interrogates **Ellison**
    - Asks him if the scroll of firewall we have was his and if he can re-create it
    - **Ellison** said it was his but he cannot re-create it. He got it from somewhere else
    - **Pope** and **Retard** immediatly start scheduling rape sessions with **Ellison**. They don't believe there is anything more to learn
    - **Ellison** was a new recruit into the Redhand trying to prove himself
    - **Party** makes their **Paragon**/Renegade decision at this point and decide not to kill him and turn him in
      - Terry finds a *Hold Person* scroll on **Ellison**
  - After an extremely complicated half-night of rest, during which **Pope** casts Eternal Flame on **Retards** dick (really), we are attacked

    - **The harpie that charmed Terry downs him**
    - **Snowrunner** critically falls over trying to fight a harpie
    - **Snowrunner** then critically fails flailing from the ground
    - **Retard** throws **Ellison** at the last Harpie as it flees and hits. **Ellison dies when he hits the ground after bouncing off the Harpie. Renegade points earned.**
    - One Harpie limps away, the other two are dead
    - **Retard** tries to stabilize **Pope** and fails
    - **Snowrunner** tries to stabilize **Pope** and fails
    - **Pope bleeds out and dies**
    - **FiZi** stabilizes **Terry**
  - **Terry** takes the *Head Band of Intellect* from **Pope's** body
  - **Retard** takes the Longsword of Warning
  - Everyone else divides up **Popes** money
  - **Terry** takes the Wind Fan

- We decide to head back to **Freeport**
- We last about 30 seconds in town and **Retard** almost murders someone
- We head for the **Wizards Library**
  - On the walk Terry makes copies of the book pages we are going to return
- Once at the Library Terry has a very stoy ased conversation with **Master Opanrael**.
  - **Terry** shared his theories with **Master Opanrael**
  - **Master Opanrael** gives us the named **Lillian** and recommends we go to **Lukestown**
  - **Terry** shows [Fizban's Letter](#) to **Master Opanrael**

Brother Fizban,

In our studies we will learn to transmute stone into wood, water into wine, transform our very bodies into another shape. But is this all our college has to offer? I often find myself lost in thought, swimming through pages of manuscripts and learnings of wizards long past I've found in the library, wondering if we haven't yet discovered the apex of our potential.

Have our professors truly mastered transmutation? The texts say the greatest of our lineage were able to transform death into life. But what, I wonder, could we create from life itself? I find myself pondering the possibilities... what might the essence of a living soul be transmuted into? A great mighty thing, I suspect...

I wish you well in your travels, and if I don't see you before the Cycle, Happy Mothers' Mercy.

Your friend and fellow, Brother Zellam

- We head off to the **Belching Beaver**
  - The **Inn Keeper** tells us about an announcent at the temple while we were away
  - **Orian** has become the new speaker, opening speech was about shining light into the darkness

- The **Inn Kepper** also gives us a letter that was delivered for us by the **Doomsayer** we broke out of jail. Letter was sealed.

- 

My friends,

Be wary of who you trust. The city may appear to have achieved order, but it is still in disarray.

Word has it the Child of Light, **Orian**, will soon take **Stowan's** place. My contacts tell me that **Stowan** has fallen ill. Some say he was poisoned by revolutionaries. I'm not so sure.

Be safe, trust few, and I will reach out to you again if I find out more.

- While in the Inn we meet **Pope2** who joins our party

## We end here for the night
